SIVA PALAPARTHI

7386500752 | palaparthisiva907@gmail.com

Career Objective

- Results-driven Software Engineer with a passion for scalable and innovative solutions.
- Strong problem-solving skills with the ability to collaborate in fast-paced environments.
- Enthusiastic about emerging technologies like Cloud Computing, AI, and Mobile Applications.

Education

KL University, Guntur, Andhra Pradesh — July 2023 – August 2027

- Bachelor of Technology in Computer Science and Engineering
- CGPA: 8.58

NRI Junior College, Vijayawada, Andhra Pradesh — April 2020 – May 2022

- Intermediate (MPC)
- Percentage: 61.2%

Skills

Programming Languages: Java, C, python

Databases: MySQL, PostgreSQL

Frameworks: Spring Boot, React

Projects

Food Recipe app — Oct 2025

- **Technologies:** SpringBoot, React, MySQL
- Implemented authentication to protect sensitive user and admin data.
- Optimized database performance by implementing indexed searches, enabling faster retrieval of Recipies and user records and recipie discreption how to make the dish, user can read the recipie while to cook easily.
- Designed a user-friendly React interface, enhancing user experience with adding youtube link to quick access.

Online Art Gallery — Dec 2024

- **Technologies:** SpringBoot, React, MySQL
- Developed a secure Online Art Gallery with role-based access control using JWT authentication to protect sensitive user and admin data.
- Optimized database performance by implementing indexed searches, enabling faster retrieval of Arts and user records.
- Designed a user-friendly React interface, enhancing user experience and reducing Art Gallery issuance and return processing time by 40%.

Automatic irrigation to plants Smart Agriculture System — Nov 2023

- **Technologies:** Arduino, IOT devices
- Developed an efficient Watering System using Arduino and IoT devices to minimize the water usage to reduce the water wastage.
- Implemented real-time moisturizer tracking, sensors algorithms to adjust water pumping orientation based on the moisturizer, improving energy efficiency and water usage efficiency and productivity.
- Integrated IoT sensors for remote monitoring and data collection, enabling real-time performance analysis and fault detection.

Certifications

Microsoft Certified: Azure Fundamentals (AZ-900) Microsoft Issued: September 2025

- Proof: https://www.credly.com/badges/.../public_url

Social Internship in Internet and Digital Literacy Summer 2023-2024

- Completed Social Internship Program for the academic year 2023-2024 (Summer).
- Safe Internet Access & Utilization for Rural India

Coding Profiles

- **CodeChef:** https://www.codechef.com/users/p_siva_907
- **HackerRank:** https://www.hackerrank.com/profile/h2300032952

Personal Traits

- Passionate about learning emerging technologies with strong leadership and teamwork abilities.
- A creative problem-solver who thrives in both independent and collaborative environments.

Languages

- Telugu, English, Japanese
